Objective: I have strong technical skills, which gives me the ability to adapt to new programming languages and design programs. I have adept communicational skills resolving clientele quandaries and cooperating with coworkers. I am focused on a career in technology and desire the opportunity to use what I have learned with my education and work experience in a future position.

Education: University of Houston
Bachelor of Science in Computer Information Systems
Graduation: 2016

University of St. Thomas
Bachelor of Arts in Mathematics
GPA:3.228

Capabilities: Proficient in creating professional style engineering documents using both Mac and PC with the following softwares:

MS Office	LaTeX	Adobe Photoshop	Adobe Illustrator
Xfig	AutoCad	Creo Parametric	Adobe InDesign

Familiarized with the following programming languages:

MatLab	Mathematica	C++	Java
Fortran	Xcode	Python	HTML

Experience: Continental Airlines/Genesys Works
Information Technology Technician 2008-2009

Imaged personal computers for various Continental Airline airports; configured kiosks to function as ticket printers, passport readers, and card verification. Also worked with Excel spreadsheets to organize asset, series, and FedEx tracking numbers for different equipment.

Brilliant Lectures Series, Inc.
Office Assistant 2009-2010

Manned front desk; researched potential clients; gathered volunteers for important functions; spoke to potential customers about upcoming functions; greeted customers at front; remained professional around very important clients.

University of St. Thomas
Undergraduate Researcher 2011-2012

Worked on Nanotechnology research; in particular the characterization of nanoparticles; worked on machinery and derived equations to determine diameter size of core and ligand shell of synthesized nanoparticles to determine whether they are of good quality and are good candidates for protein attachment; attended American Chemical Society Conference and other symposiums to present research.

Ross
Sales Associate 2012-2013

Organized sections of the store for clientele; operated cashier and greeted customers; acted as Front End Supervisor on many occasions.
